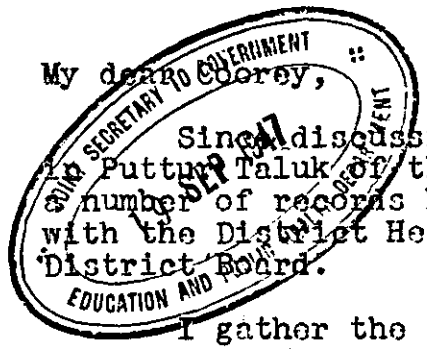
Sub: Malaria - South Kanara District - Puttur Anti-malaria scheme - contribution of Rs 25000 by the DF Board towards the cost of the scheme - acceptance of - orders passed

For relevant notes see ftn 1-13

D.O.No.112.

Collector's Office, S.Kanara,
Mangalore, Dated 17th September 1947



My dear Mr. Coorey,

Since discussing the anti-malarial measures to be introduced in Puttur Taluk of this District with you last week I have perused a number of records here and talked the matter out at some length with the District Health Officer and my Personal Assistant for the District Board.

I gather the subject goes back to 1928, but nothing substantial seems to have been done until about 1945, when an investigation was made under the orders of Government. After making the investigation for nearly a year, the Regional Malariologist Coimbatore made certain proposals to the Director of Public Health, in which I believe he provided for the appointment of staff and the supply of spraying equipment and materials. I do not know what the Director of Public Health recommended to Government, but from the fact that the District Board was asked to contribute towards an estimated sum of Rs.75,000/- I deduce that the proposals of the Regional Malariologist were accepted Unfortunately the District Board is not in affluent circumstances, and I understand that no contribution was offered. What happened subsequently I do not know, but it seems that the money that was ear-marked for this District was diverted elsewhere, with the result that nothing has been done here at all.

If the Grow More Food Campaign is to be encouraged, it is absolutely essential that this anti-malarial work in Puttur Taluk be undertaken immediately. I do not know what proposals Government have in mind, but I do know that Hon'le Mr. A.B.Shetty is anxious to give every assistance possible. Will you please let me know in

outline what the present position is so that we at this end can do our bit to expedite matters. It is no doubt a fact that the District Board is not sound financially, but if Government are not prepared to foot the whole Bill, or if it will take sometime for them to do so, I will see that at least a fraction of the money required for the introduction of these controls is found by some means or other. I shall be glad of an early reply.

Yours sincerely,

C.O. Coorey Esq., M.B.E., I.C.S.,
Secretary to Government,
Education and Public Health,
Fort St. George, Madras.

D.O. 75096/47-E1-PH dated 9-X-47

My Dear Saunders,

SUB: Malaria - South Kanara Dt. - Puthur Taluk-Scheme of anti malarial measures.

REF: Your D.O.No.112 dated the 12th. September 1947.

I am to inform you that the Director of Public Health, Madras has submitted to Govt. a comprehensive scheme of anti-malarial measures, ~~for villages selected throughout~~ for the whole ~~of the Puthur Taluk, South Kanara District~~. ~~The scheme~~ which contemplates the introduction of malaria control measures in ~~the~~ villages selected in the Puthur Taluk, S. Kanara Dt. in the first instance and the extension of these measures to other taluks in the Dt. gradually in accordance with the degree of endemicity of malaria in those areas. The total estimated cost of the scheme is Rs.60,000/- recurring and Rs.20,000/- non-recurring. The scheme has been examined by Govt. and they propose to introduce it in the current year.

As regards the financing of the scheme, the Govt. usually ~~have~~ bear 1/3 of the cost leaving the Dt.Bd. to meet the rest. Since you say that the Board is not sound financially, it will certainly be very helpful if you can succeed in raising some funds to supplement its resources. May I request you to let me know how far you will be able to collect contributions for expenditure on this scheme, whether the contributions will have any conditions attached to them and whether they will be of a recurring or non-recurring nature. The sources of ~~their~~ these contributions may also be indicated if possible. I shall be glad to have an early reply.

Yours sincerely,

***

Ref: Your D.O.No.75096/47-1 El-P.H. dated 9th October 1947 addressed to Mr. Saunders.

***

As already stated by Mr. Saunders, the South Kanara District Board is not financially sound. Inspite of that, considering the necessity of anti-malarial measure in the Puttur Taluk, the District Board has however decided to contribute a sum of Rs.25000/- for the purpose and has made arrangements for the provision of fund in the budget estimate for the current financial year. The contribution will only be a non-recurring one.

2/- The District welfare fund and the S.K.CW. Stores, will also contribute some amount for this purpose. The amount that may be contributed by each cannot be estimated now; but the total sum to be contributed by both of these concerns will be atleast to be Rs.20,000. Thus a total sum of Rs.45000/- will be contributed by the District as a non-recurring grant.

3/- The District Board will not be in a position to subscribe annually towards the recurring expenditure nor can any recurring contributions be expected from other sources. The Government may have to bear, in the interests of the suffering population, the recurring expenditure.

Yours sincerely,

S Bulgeid

Collector's Office, South Kanara,
Mangalore, Dated 9th December 1947

My dear Scott,

Will you please refer to your letter 75352/47-2- E.1 P.H. dated 19- 11- 1947? As you know, I was on leave at the time your letter was received, and I find from the file that the Collector-in-charge went off the rails in his reply D.Dis.14004-47/47 dated 7-11-47 When I said in my letter of 17th September that I would see that at least a fraction of the money required for the introduction of these controls is found by some means or other, I meant that I, as Special Officer, would see that the District Board made some real effort to finance the scheme. As a result of the arrangements I had already made with the Secretary, District Board, provision was made in the current budget to the tune of Rs.25,000/. But it was never my intention that an attempt should be made to collect additional sums from other sources, for, apart from the fact that such money is not easily available, delay will inevitably result if the scheme is to be held up pending such collections. I do not know how Balaji Rao got the idea that the District Welfare Fund and the S.K.C.C.W. Stores would be able to raise any substantial contributions, for I have known throughout that such assistance, even if available, would not be substantial. In view of his letter however, I have consulted ~~both~~ both organisations. The Secretary of the District Welfare Fund says that it may be possible in due course to collect Rs.2500/- but as only 1/3 of the collections can be used for this purpose it follows that we have to collect a total of Rs.7500/- before being able to subscribe Rs.2500/- towards the anti-malarial scheme. That will take time, and in any case, the sum is virtually negligible. As for the S.K.C.C.W. Stores, Balaji Rao seems to have been completely mis-informed about the possibility of collecting any contribution, for the President tells me that the most that can be expected from that source is Rs.1000 or Rs.2000, and that here again there will be a delay in getting it. It seems to me, therefore, that

it will be better for Government to proceed on the assumption that no extraneous collections at all are forthcoming and that apart from the allotment from the District Board, Government will have to be responsible for the whole of the scheme. Indeed, that was my intention in the beginning and had I been here, no side issues would have been raised.

As the matter is urgent, I suggest you proceed on the above lines, otherwise the scheme will hang fire once more and there is no knowing when it will be introduced. If that is done there is some hope of introducing at least part of the measures in the coming dry weather months, when the malaria menance is at its height, and when control measures are most necessary.

Yours sincerely,

C.O. Coorey Esq., M.B.E., I.C.S.,

42253 (A) 22/23

JOINT SECRETARY TO GOVERNMENT 7 JUN 1948 EDUCATION

In para 2 of the G.O. cited above, I have been asked to ascertain whether the Provincial Funds any contributions realised from the Provincial Welfare Fund and the S.K.C.C.W.Stores towards the anti-malarial scheme. This idea of getting contributions from these bodies appears to have originated from certain suggestions made by Balaji Rao, the then Deputy Collector, who was holding additional charge of the Collector's office in his D.O.letter D.Dis 14004/47 dated 7-11-47 in reply to your D.O.letter No.75097/47-1-El3(Public Health) dated 9-10-47 to Saunders. In this connection, I invite your attention to the D.O.letter No.Nil dated 9-11-1947 of Saunders in which he had made it clear that there was little or no chance of getting any appreciable sums from these bodies. The position continues to be so now as it was then and I do not see any prospect of getting anything worth mentioning from either of these bodies. We may as well drop further attempts in that direction.

2. I do not know if Balaji Rao had in his mind any idea of getting any amount from the accumulated penalties on late deliveries of rice and paddy under the procurement scheme held in reserve by the S.K.C.C.W.Stores, when he made mention of "Contribution from the S.K.C.C.W.Stores" in his letter dated 7-11-47. If that is so, I may invite your attention to the correspondence with Food Department resting with the D.O. letter No.30005/A/47-11 dated 12-5-1948 (Food Department) from M. A. Kuttalalingam Pillai to me and add that there is little proppect of diverting any amount from these funds for purposes of the kind.

Yours sincerely,

SUB: Malaria - South Kanara District - Puthur Taluk - anti-malarial measures - proposals.

Ref: From the Collector South Kanara Dt. D.O.No.112 dated 17-9-47.

Please see the D.O. letter from the Collector, South Kanara District on pp.1-2 c.f. [illegible] relates to anti-malarial measures in Puthur Taluk, South Kanara District.

2. In 1945, an investigation unit was deputed to conduct malaria surveys in the Beltangady area, Puthur Taluk. Necessary data regarding the endemicity of malaria in the villages of Puthur Taluk, and also about the vector species were collected. In 1946, at the instance of Mr.E.M. Gawne the then adviser to H.E. the Governor, definite proposals for starting the scheme of anti malarial measures in South Kanara District were called for from the D.P.H. The D.P.H. has now submitted his proposals. The scheme as submitted by him is proposed to be started first in Puthur Taluk and when some experience is gained on working this scheme, the control measures are proposed to be extended to other taluks in the District in-accordance with the degree of endemicity of malaria in those areas. The scheme is estimated to cost Rs.60,000/- recurring per annum and Rs.20,000/- non-recurring. Generally the Local Bodies concerned take up anti-malarial schemes and carry them out with the help of 1/3 grant from Govt. The District Bd. South Kanara was consulted in the matter. It reported that it was unable to meet any portion of the cost of the scheme. It is therefore proposed to meet the entire cost from Provincial Funds. It is also proposed to take up the scheme during the current year itself. The matter is to be placed before the Standing Finance Committee. The file on the subject is now in circulation.

3. The Collector has now stated that if the Govt. are not prepared to [illegible] the whole bill he will see that atleast a fraction of the money required for the scheme is found by some means or other. In view of this undertaking given by the Collector it seems necessary to review the

P.T.O

position in consultation with Finance. The return of the main file from circulation may be awaited. In the meanwhile this may also be circulated to H.M.(P.H.).

[Issued as DO 75096/47-2-C1-PH-dated 9.10.47] part

from the Collr DO Dis 14004-47 dated 7.11.47

Please see the D.O. letter to the Collr South Kanara

Dt on page 3 CF and his reply thereto at page 7 CF. He states that although the financial position of the Dt Board is not sound the Board has decided to contribute a sum of Rs 25,000 towards the cost of the Puthur Taluk anti-malaria scheme and make necessary ~~arrangements~~ provision in the B.E for the current financial year. The contribution of Rs 25,000 by the Dt Board will, however, be only non-recurring.

The Collr further states that the District Welfare Fund and the S. K.C.W Stores will also contribute some amount for the purpose. Although the amount of contribution cannot be estimated correctly now, the Collr anticipates that at least a sum of Rs 20,000 will be forthcoming from both these concerns. The total amount of contribution expected from the Dt Board and other sources thus comes to Rs 45,000. The Collr has made it clear that the above amount will only be non-recurring, that neither the Dt Board nor any other body will be in a position to make any recurring annual contribution and that the Govt will have to bear the rest of the expenditure themselves in the interests of the public health of the people of the area. The estimated cost of the scheme is Rs 60,000 ~~non~~ recurring and Rs 20,000

non-recurring. It has been proposed that the scheme should be taken up by Govt entirely at their cost and the file has been sent to Finance with a draft note for the S.F.C. In the circumstances any contribution made by the Dt Bd and other bodies in the Dt will be welcome. The Dt Board may, in due course be asked to credit its contribution of Rs 25,000 and the Collr may be requested to take steps to collect the contribution from the Dt Welfare fund and S.K.C.W Stores and arrange to credit the same to ~~Govt account~~ the Provincial funds.

Finance (Exp A)

A comprehensive scheme of anti malarial measures which contemplates the introduction of malaria control measures in Puttur Taluk of S. Kanara Dt. in the District in the first instance in the current year is under the consideration of the Govt. The scheme is estimated to cost Rs 60,000 non recurring and Rs 20,000 recurring. It is proposed that the entire expenditure should be met by the Govt.

The Collector of South Kanara has stated that the Dt Bd are prepared to contribute Rs 25000 towards the non recurring cost of the work and that the S. K. C. W. Stores are offering another contribution of Rs 20,000. E. & P.H. propose to ask the Dt. Bd to credit the sum of Rs 25,000 to Govt and the Collector to take action to obtain and credit the contribution promised by the Stores. L.A agree to the proposal. Finance also may agree.

Extract of Memo for the Hon'ble Mr. A.B.Shetty.

Schemes at Mangalore

III. Medical Relief:

a) Under the auspices of the Madras Provincial Welfare Fund an appeal is being launched to collect Rs.25 lacs in the District. Sub-Committees are being formed throughout the District to collect from village to village and door to door.

b) The scheme of Medical Relief comprises:

1) ~~A new General Hospital at Kadri~~
2) Improvement of Taluk hospitals
3) Anti-malaria ~~Research~~ work

c) Government will be asked for a contribution and also for permission to sell the existing Wenlock Hospital, the sale proceeds to be utilised for the four purposes mentioned.

d) The Goschen Hospital will be retained as an Out-patients dispensary.

J.S.(PH)

— x —

Please see the memo to the D.P.H on f 1 CF and his reply thereto at page 3 CF.

Under the auspices of the Madras Provincial Welfare Fund an appeal is being launched to collect 25 lakhs in the South Kanara Dt. It is proposed to allocate the amount collected ~~here~~ for medical relief in the D.

P.T.O

The proposed scheme of medical relief comprises, among
16/11 others, anti-malaria work in the South Kanara
Dt. The D.P.H who has been consulted in the
matter says that a scheme of anti-malarial
measures for Puttur Taluk, South Kanara Dt. has
been submitted to Govt and that, if possible,
a portion of the money collected under the
auspices of the Madras Provincial Welfare
Fund may be diverted to implement
the above scheme and to extend it to other
malarious areas of the Dt. for orders whether
this suggestion may be agreed to and if so,
3/11/47 ~~Collr of the Dt may be asked to state how much amount will be available towards this item of medical relief~~ for the proposal
5/11/47 before the Madras Provl Welfare Fund, South Kanara Dt and ascertain/steps Dt. and report their views in the matter. Hence if the Fund is agreeable to divert a portion of the collections for anti-malarial measures in the Dt the Collr may be requested to find out the amount (recurring & non-recurring) which could be spared by the Fund for the purpose. DD(PH) may see the case before further action is taken.

No info... in the ... Who ... Hence ...

5/11/47 The DD's suggestion may be forwarded to the Organiser of the Fund for their consideration

7.11.47 JS. 7/11 (21)

[from the Collr South Kanara Dt D.O. No. 14004-47 dated 7-11-47]

8 NOV 1947

Please see the letter since received from the Collr of South Kanara Dt at 5 CF.

8/11/47

In connection with the financing of the anti-malaria schemes proposed for Puthur Taluk, the Collr of South Kanara Dt was asked to state whether ~~in case~~ the Dt Bd is ~~not~~ in a position to meet its usual share of ~~2½ rds~~ ⅓rd Cost of the scheme, any contributions either Public or private could be raised for expenditure on the proposed scheme. He has stated ~~that the Dt Board has decided to make a non-recurring contribution of Rs 20,000 and that~~ the Dt welfare fund and the S.K.C.W Stores will contribute at least a total sum of Rs 20,000 for the purpose. ~~and that the grant will be non-recurring~~ A reference to the organisers of the fund regarding this subject does not seem necessary. As further action will be taken in the Dt Board, file to get the contribution from the Dt welfare fund and S.K.C.W. Stores, no separate action need be taken on this file. For orders whether these papers may be added to the South Kanara Dt Anti-malaria file.

17/11/47

(illegible) DS

18/11/47

18/11/47

[Issued as DO 75352/47 2.E1-PH dated 19.11.47 from the Collr South Kanara Dt DO no nil dated 9.12

pp 7-8 ~~pp~~

pp 7-10 ~~pp~~

—x—

Please see the DO letter to the Collr, South Kanara

at pages 7-8 c.f. and his reply D.O. at pages 9-10 c.f.

From the letter of the Collector it will be seen that no substantial contribution can be expected either from the Madras Provincial Welfare Fund or the S.K.C.C.W. Stores and that the District Board's contribution of Rs.25,000/- alone will be available immediately for implementing the scheme. He is of the view that no reliance should be placed in the hope of getting any collections apart from the amount provided by the Dt. Board and that the Govt. should take up the entire responsibility for carrying out the scheme. In view of what the Collector has stated now there seems to be no alternative except to proceed with the execution of the scheme entirely at Govt. cost in the first instance the contribution from the Dt. Board and ~~any small~~ collections if any, coming from the Provincial Welfare Fund and the S.K.C.C.W. Stores being credited to Govt. later on.

No further action seems called for in this file. These papers may be filed with those in the L.F.

Sub: Malaria South Kanara District Putter Anti-malaria Scheme - contribution from Provincial Welfare fund* and the S.K.C.C.W. Stores

-x-

Ref: From the Collr South Kanara District DO Ref Cno 10902/48-B4 dated 4-6-48

Please see the D.O. from the Collr South Kanara at page 1 c/f

In connection with the question of financing the anti malaria scheme for the South Kanara District, the Collr of South Kanara was asked to state whether in case the Dt Board was not in a position to meet its share of the cost of the scheme any private contribution could be raised for expenditure on the scheme. The Collr at the time replied that the Board had provided a non-recurring contribution of Rs 25,000/- That the Dt Welfare fund and the S.K.C.C.W Stores, South Kanara would together contribute a sum of Rs 20,000/- at least for the purpose. The Collr was then asked to get into touch with the above bodies and report if possible the exact amount that might be expected from them. The Collector's reply to this reference showed that there was very little prospect of getting an amount from the above mentioned sources. Orders were accordingly issued sanctioning the anti malaria scheme at Govt cost. At the same time the Collr was requested to arrange for the credit to Govt of the contribution of Rs 25,000/- provided by the S.K. Dt Board and to see that if and when any contribution was

P.T.O.

forthcoming from the Dt. Welfare Fund and the S.K.C.C.W. Stores that amount also was credited to Govt.

The Coll'r in his present DO. has again made it clear that there is no prospect of getting anything substantial from these bodies and that it will be better to drop further attempts in the matter.

No further action is called for. The papers may be added to the Govt no 1642 P. H dated 18.5.48 Food may however see with reference to para(2) of the Coll's DO. in the CF.

R. 607 B/49-1 Dated 3-1-1949

Sir,

544

Sub:-Contribution - Puttur Antimalaria scheme - Rs.25,000 from the District Board,South Kanara - acceptance of.

Ref:-G.O.No.Ms.1642 P.H.,dated 18-5-1948
G.O.No.Ms.386 P.H.,dated 10-2-1948

---

1 In their orders first cited, the Government accepted the contribution of Rs.25,000 from the District Board,South Kanara towards the cost of Antimalaria scheme, Puttur, South Kanara sanctioned in G.O.No.386 P.H. dated 10-2-1948 and ordered it to be credited under the head "XXVIII Public Health - Receipts - Other receipts".

2 As the contributions recovered from the District Boards of Salem and Coimbatore and Cuddapah municipality in respect of the Antimalaria schemes in their areas are credited to "XXVIII Public Health (b)Contributions" with reference to the orders in G.O.No.4239 P.H.,dated 13-12-48, I request that orders may kindly be issued similarly for crediting the contribution recoverable from South Kanara District Board to this head of account.

3 As this amount has not been included in the provision proposed under "XXVIII P.H" (vide this office letter D.121 B/48 dated 22-9-48) I request that an additional provision of Rs.25,000 may be made in the Revised Estimate for 1948-49 under "XXVIII Public Health(b)Contributions" and the figure Rs.1,91,500 substituted for Rs.1,66,500.
